**Open Forum:**

A general discussion was held regarding the Liberty Quarry. It was noted there was a protest meeting held on Nov 9 in Temecula. It was also noted that the area surrounding the proposed quarry site has been annexed to the City of Temecula. A request was also made that the Rainbow Planning Group submit a letter to the various groups notifying them that the Planning Group is the official "spokesperson" organization for the community of Rainbow. There is an apparent void in the recognition of the community and it's voice.

A potential new member to the Rainbow Planning group was introduced....Mr. Pete Bacot, a local resident with a degree in Architecture. Paul's name will be submitted to the Board of Supervisor's for official approval.

**County Action Items:**

The County of San Diego has not altered the Community Plan from the General County Plan. In the past the DPLU has repeatedly emphasized the importance of the various Community Plan and it's overall impact relative to the General County Plan. It was suggested that Chairperson Georgantas, Jim Anderson and Bud Swanson submit a letter to the San Diego Board of Supervisors and confirm the position of the RPG relative to the overall Plan.

MSC: Anderson/Swanson The Chairperson, Mr. Anderson and Mr. Swanson draft a letter to the County Board of Supervisors reiterating the position of the Rainbow Planning Group regarding the importance of the Community Plan. This should be complete by November 19,2010.
